The black nobility is the base of the global crime syndicate that controls this planet. The black nobility or black aristocracy are the aristocratic families that sided with the papacy under Pope Pius IX after the army of the Kingdom of Italy led by the Savoy family entered Rome on September 20, 1870, overthrew the pope . and the Papal States, and took over the Quirinal Palace, and the nobles later ennobled by the Pope prior to the Lateran Treaty of 1929. Any family that produced popes for the Vatican is royalty. Most of the black nobility are Vatican royalty. The black nobility consider themselves sovereign princes. These families earned the title of "black" nobility for their relentless unscrupulousness. They used murder, rape, kidnapping, robbery and all kinds of deception on a large scale, without resisting the achievement of their objectives. The black nobility were the families that financed and created the holy corporation of the Vatican with the aim of imposing world slavery as a necessary institution, with the sole belief that some are born to rule and others to be ruled. The idea that certain families were born to rule as an arbitrary elite, while the vast majority of a given population is condemned to oppression, servitude, or slavery became the theological position of this elite. The "New World Order" is an attempt to take control of society by these fascist families with the purpose of the total slavery of humanity.

The Vatican is an imperial nation and is the largest empire in this world. The Vatican City, or the Holy Vatican Corporation, officially the Vatican City State, is a nation that operates as the largest intelligence network in the world. The Holy See is the "All-Seeing

Eye" in society and a corporate entity connected to many other corporations and governments through papal and royal statutes. Archbishops and high-level bishops are the overseers of society within their districts and oversee politics, police, business, and organized crime. The same year that the professor of ecclesiastical law and practical philosophy at the University of Ingolstadt, Adam Weishaupt, created the Order of the Illuminati, was the same year that they created the United States as a corporation to run it as their private army and lead the agenda of a "New World Order" for the elites, mainly, thanks to the infiltrated Freemasonry and directed by the Jesuits.

The New World Order is a conspiracy of lineage at the top. They are ancient and evil bloodlines that build and destroy empires for control through an order out of chaos. Royal and noble houses are corporate entities and claim to rule and own land, resources, and people. Landlords have always been the dominant owners of gold and precious metals. They empower and finance bankers and entrepreneurs to work for them through their corporate homes. They authorize and issue the creation of laws, agencies, the military, companies, and universities. They create and run religions and secret societies. They also finance and organize organized crime syndicates as if they were commercial enterprises. Some of the major royal bloodlines include Savoy, Bourbon, Medici, Glücksburg, Wittelsbach, Nassau-Weilberg, Saxe-Coburg and Gotha, Romanov, Grimaldi, Orleans, Braganza, Habsburg, Hannover, Windsor, Saud, Thani, Khalifa, Alouwite , Zogu, Hohenzollern, Orange-Nassau, Bonaparte and Bernadotte. Many royal bloodlines still rule their nations as heads of state such as the United Kingdom, Belgium, the Netherlands, Denmark, Monaco, Spain, Saudi Arabia, Bahrain, Morocco, Sweden, Norway, and Luxembourg. The Vatican City State is also a kingdom with the Pope of Rome as its monarch. The Black Nobility are the ancient bloodlines of the Papal States and they own the Holy See and the Vatican. They produced the first popes of Rome and held leadership positions in the Vatican from its inception. The Colonna and Torlonia still hold the hereditary positions of the Assistant Princes to the Papal Throne. The black nobility consider themselves sovereign princes. The Vatican is used as a central point of control and the Holy See is one of the oldest and most criminal corporate entities in existence. The Spanish Catholic Church is immensely rich, it has not suffered the crisis and also enjoys a true tax haven, being free to pay taxes,

such as the IBI, works, companies, etc. The vast majority of the assets in their possession and on their accounts are completely opaque. This situation is illegitimate, unfair and presumably illegal, and this occurs with the complicity and consent of the public powers.

The Erlach and Brandi families are Swiss tax advisers who enable corruption, bribery, criminal financing, and money laundering. The Swiss Guard is the one that protects the Vatican City State. The Swiss cantons have been in contract with the Vatican for centuries and Switzerland is basically a papal state with the noble Roman saints claiming partial ownership. The German house of Baden-Zahringen founded Bern, in Switzerland. The House of Savoy ruled the regions of Switzerland for hundreds of years. Some of the most important bloodlines of the Black Nobility are: Massimo, Colonna, Pallavicini, Odescalchi, Ruspoli, Orsini, Aldobrandini, Sforza-Cesarini, Boncompagni-Ludovisi, Chigi-Albani-Della Rovere, Doria-Pamphilj, Rospigliosi, Giustiniani, Torlonia, Corsini, Borghese, Del Drago, Lucchesi-Palli, and Gaetani. The Pecci and Pacelli families are more recent bloodlines of the Black Nobility. The black nobility share ownership over the Holy See, which is a corporate entity based in the Vatican City State that was established as a nation in 1929 under Benito Mussolini, who was put in power by the House of Savoy. The Mussolini and Franco families became nobles after their fascist regimes. The Black Nobility also owns the Knights of Malta, the Jesuits, and the Cosa Nostra. The Black Nobility established branches in southern Italy and married Sicilian-Campanian nobles such as the Lanza di Scalea, Adragna, Sanseverino, Tomasi di Lampedusa, Paterno, Cattaneo, Serena di Lapigio and Rocco di Torrepadula families. Many Italian crime families were Sicilian nobles like the Bonanno and Bellomo families. Both the mafia bosses and the Italian and Spanish nobles call themselves Dons, which is the equivalent of Boos (boss) of crime. The Savoy, Savoy-Aosta, Medici, Borbon-Dos Sicilias, and Borbon-Parma families are members of Italian royalty and are married to various European royal bloodlines and Black Nobility. Most of the monarchs are members of the Sovereign Military Order of Malta. Prince Carlo Massimo has been overseeing the Sovereign Military Order of Malta as President of the Italian Association of SMOM. The Knights of Malta have an undercover operation at the Jesuit School of Foreign Service in Georgetown, run by Joel Hellman. The Jesuits and the Knights of Malta basically run the

Defense Department alongside British Crown agents and high-level Freemasons. Prince Carlo de Borbón-Dos Sicilias is a high commander of the Society of Jesus through his Sacred Constantinian Military Order of Saint George. The Jesuits were authorized by Pope Paul III of the Farnese family. The Bourbon-Dos Sicilias and Borbon-Parma families are the continuation of the Farnese family, the name Farnesivs is engraved in the Jesuit headquarters called the Church of Gesu in Rome. The Farnese family lived in a pentagonal fortress called Farnese Villa Caprarola, which is the basis for the design of the American Pentagon. Jesuits are involved in education, politics, banking, science, law, and especially military intelligence. The Italian Bourbons have established residences all over the world, including Florida. Jesuits need to be investigated and banned, they have rightly been expelled from almost every country in the world, but they always end up coming back. In Spain three times, his last return was at the hands of General Franco.

The Holy See is a corporate body that issues laws and bills, such as the Golden Bull, which claims ownership of the Kingdom of England and identifies the emperor as the sovereign of the only legitimate universal empire, directly chosen by God. The Pope claims temporal power or ownership over the Earth and also claims Papal Supremacy or Papal Rule and Papal Infallibility. Infallibility means incapable of being wrong. The Roman Curia or Papal Court is the highest organized council in society and is directly supervised by the two "Assistants of the Prince to the Pontifical Throne", these two positions are held by the princes of the Colonna and Torlonia families. They work with a higher level princely council of the Italian nobility that works with another council made up of the Roman nobility. The Italian and Austrian nobility are married to each other and work closely together leading the Sovereign Military Order of Malta, which is a sovereign entity equivalent to that of a sovereign nation. The Italian Nobility, La Cosa Nostra and the German and Austrian Nobles, run the Jewish Mafia. Royalty and nobles have massive amounts of wealth in private bank accounts in Switzerland. They use the Nazi-founded Bank for International Settlements to steal wealth from central banks through fraudulent tax contracts and then launder and hide the wealth in private bank accounts in Switzerland. The main Italian lineages still active include the Massimo, Colonna, Pallavicini, Torlonia, Aldobrandini, Ruspoli, Orsini, Gaetani-D'Aragona, Borbón-Parma, Odescalchi,

Borghese, Adragni, Chigi, Medici, Borromeo, Doria-Pamphilj, Sacchetti, Savoy, Grimaldi and Bourbon. These bloodlines oversee the various specters of society. Outside of this power structure is the Committee of 300 with an inner circle made up of the leading monarchs and princes of Europe and the former Holy Roman Empire with members from Windsor, Spencer, Cecil, Percy, Hohenlohe-Langenburg, Habsburg, Bonaparte, Orleans, Bernadotte, Lagergren, Glucksburg, Hannover, Furstenberg, Austria-East, Hohenberg, Hesse, Nassau-Weilberg, Habsburg-Lorraine, Saxe Coburg and Gotha, Saxony-Weimar-Eisenach, Saxony-Meiningen, Braganza, Orange-Nassau, Hohenzollern , Hohenzollern-Sigmaringen, Liechtenstein, Rothschild, FitzJames, Lobkowitz, Ligne, Merode, Romanov, Thurn and Taxis, Schwarzenberg, Orsini-Rosenberg, Windisch-Graetz, Esterhazy and other families. Many members who do not have noble status on the Committee of 300 are representatives of the royal families.

These families are all enemies of humanity and have conspired to enslave the world for centuries. They authorize and create corporations and billionaires, run religions, states, secret societies, the mafia, and organized crime syndicates. Royal families in Europe are mainly divided into two factions, and this dates back to the Guelph merchants and Ghibelline landowners. All other groups like Bilderberg, CFR, and the Trilateral Commission are lower-level organizations. All roads lead to Rome, which is the basis of its control system. The European Constitutional Monarchies are branches of the corporate empire of Rome. Constitutional Monarchies are ruled by blood-appointed heads of state and serve Rome through the Sovereign Military Order of Malta. The Pope claims temporary or physical ownership of the Earth. The Pope claims to be infallible of error. The Pope claims ownership over all souls through the papal doctrine of "Papal Supremacy." The Pope is a leader for the Black Nobility of Italy.

The Jesuits are a military priesthood officially established by Pope Paul III A.K. to Alessandro Farnese of the Farnese family. The Jesuits were officially established under the Papal Bull called Regimini Militantis Ecclesiae, which means Military Regiment of the Church as the continuation of the Templars. The Black Nobles are the true owners and controllers of the Vatican and maintain their control throughout the centuries by installing their relatives as

high-level popes and bishops. At present the Torlonia and Colonna families who have the hereditary positions of Prince Assistants to the Papal Throne are those who supervise the pope. In turn Pope Francis supervises all members of the Catholic Church and also supervises the various secret societies that are connected with the Church.

The Jesuits are also a Masonic order and were the continuation of the Templar orders when they were banned. The Roman Catholic Church mocks Christians by performing rituals where they pretend to drink blood and eat human flesh known as the Eucharist, also called Holy Sacrifice. The New Testament did not exist until about 1600 and the Old Testament is even more recent than the new. It was the Vatican and European monarchs who created both the New and the Old Testaments. The last official version of the bible was published in 1777.

The bishops and priests operate as supervisors and the Jesuits function as spies trained in deception and are infiltrated everywhere. The Pope claims temporal power or ownership over the Earth and also claims Papal Supremacy or Papal Rule and Papal Infallibility. Infallibility means incapable of being wrong. Archbishops are the overseers of society within their districts and oversee politics, police, business, and organized crime. The Latin phrase *Novus Ordo Seclorum* means New Order of Ages (or Ages), or also "New World Order", and is on the US dollar bill and Great Seal of the United States.

The Vatican uses Latin as an official language and for documents. America is named after the Italian Amerigo Vespucci who worked for the Medici family of Florence and Rome. Vespucci created the term New World for America. The Bank of America was originally called the Bank of Italy and was founded by Amadeo Giannini, who was financed by Italians. Nations were formed as companies or corporations to exploit their citizens as merchandise. Corporations are fraudulent constructions because they are considered a person with rights under the law, and because the owners and controllers of the corporations can disregard responsibility for crimes committed by the corporation. That is fraudulent. Corporations are not people and therefore cannot have rights. Corporations are also

monopolies that use subsidiaries to hide their dominance over industry. Private companies cannot compete fairly with corporations. Citizens are also classified as legal persons (companies), robbing them of all their human rights. Corporations shouldn't exist.

Royalty and nobles issue charters establishing representative covert property agents controlled by corporate households or crowns of royalty and nobles.
